2. (Internal Use Only - LLM) Met with Mr. Peter Masley, Administrative Assistant to Representative Hervey G. Machen (D., Md.), in connection with the Agency's present plans to retain [REDACTED] Our letter to Machen confirming this will from all appearances satisfactorily close this matter out with the Congressman's office.

Masley mentioned that he had just sent the Agency a letter in connection with air pollution. Congressman Machen has been charged with responsibility with this aspect of the military construction authorization bill being considered by an ad hoc committee of Armed Services. Masley showed me a long listing of Federal installations and the amount of pollution they are contributing.

4. (Internal Use Only - CEA) Talked to Sidney Woolner, Administrative Assistant to Senator Philip A. Hart (D., Mich.), for the purpose of inviting the Senator to the Agency. I noted that the Senator had been so kind as to send to us his floor statement on Government support for private groups overseas and suggested that an exchange of ideas on this subject may be very beneficial. I also noted that the Senator might desire to become acquainted with the Agency. Woolner said he was sure Senator Hart would like to come to the Agency, but felt it would not be possible until after the Easter recess. He will discuss this with the Senator and let me know.
